UN Refuses to Take Up Attack on Jordan King

Secretary General Dag Humnarkjold has turned down ap reals by Jordan to bring before the Security Council charges that Syrian jets jumped King Hussein's vacation-bound plane and chased if back across the Jordanian frontier, it was reported today.

Hammarskjold is said to have told Amman that he sympathized with its plaint, but felt the incione that did not endager Middle East peace.

U. N. officials have pointed out that Jordan did not ask Hammarskjold's special representative In Amman, Pier Spinelli, to get clearance from the United Arab Republic for Hussein's flight. Thus they felt it is not up to the secctury general, but Jordan herself to seek any Security Council action. Officials in Damascus and Cairo have asserted they did not know Hussein was aboard the

Since he undertook his Middle East peace mission in the wake of last summer's crisis over Iraq, Lebanon and Jordan, Hammar skjold has been trying doggedly to screen out isolated, incidents that would touch off another bitter U.N. debate and revive the whole dispute.

Diplomats wondered how long he can keep his finger in the dike. They believe that Jordan, embroiled in a mounting exchange of insults with Gamal Abdel Nasser's United Arab Republic probably will bring the Hussein incldel before the U.N. if it thinks it can establish a strong case.

In The Beginning ... God created all things. He gave us science and He gave us religion . . . they never conflict. His words and His works harmonize. He can perform both scientific and spiritual miracles. God can take the nucleus, the cell, the molecule and get staggering results. He can also take a body that has almost gone to hell and convert it into a man. The laboratory and the human body are the Lord's work shops. He can pull a switch and set it all to work. He is still saying ... "My thoughts are not as your thoughts, neither are your ways my ways." His church on the corner is a good place to learn that fancied discords blend in perfect .barmony.
